

- **Group Rate (5 or more):** \$60 per participant (with textbook: \$115.00)

6. Leading Data-Informed Discussions in Teams

- **Description:** This workshop focuses on facilitating data-driven conversations within teams, enhancing decision-making processes, and promoting a culture of data utilization.
- **Focus:** Facilitating data-driven conversations in group settings.
- **Duration:** 2 hours
- **Training Requirements:** None
- **Field Supervision:** None required
- **Materials:** Discussion frameworks and team engagement exercises.
- **Textbook:** "Leading with Data: Pathways to Improve Your School" (Current Cost: \$45.00)
- **Cost:**
 - **Individual Rate:** \$60 (with textbook: \$105.00)
 - **Group Rate (5 or more):** \$50 per participant (with textbook: \$95.00)

7. Evaluating Programs Using Data Analytics

- **Description:** This training provides participants with tools and methods for effectively evaluating health and community programs using data analytics, focusing on metrics and outcome measurement.
- **Focus:** Tools and methods for program evaluation and improvement.
- **Duration:** 3 hours
- **Training Requirements:** None
- **Field Supervision:** None required
- **Materials:** Evaluation tools and measurement frameworks.
- **Textbook:** "Program Evaluation: Methods and Case Studies" (Current Cost: \$50.00)
- **Cost:**
 - **Individual Rate:** \$75 (with textbook: \$125.00)
 - **Group Rate (5 or more):** \$60 per participant (with textbook: \$110.00)

8. Creating Effective Dashboards for Monitoring Outcomes

- **Description:** This training teaches participants how to create and use dashboards to visualize data effectively, facilitating better decision-making based on real-time information.
- **Focus:** Learning to visualize data for operational improvements.
- **Duration:** 2 hours
- **Training Requirements:** Basic knowledge of data analysis preferred.
- **Field Supervision:** None required
- **Materials:** Dashboard templates and data visualization tools.
- **Textbook:** "The Visual Display of Quantitative Information" (Current Cost: \$45.00)
- **Cost:**
 - **Individual Rate:** \$75 (with textbook: \$120.00)
 - **Group Rate (5 or more):** \$60 per participant (with textbook: \$105.00)

9. Implementing Evidence-Based Practices Using Data
